

EVOLVE All Hands Nodes Travel Grant 2025-2026

Through the EVOLVE project, we are able to provide some financial support to facilitate Node staff's attendance at the All-Hands Nodes meetings in the form of a limited number of travel grants.

The travel grants will be provided as a reimbursement to be paid after the meetings. The payment will cover travel and accommodation (reimbursement of invoices). Full details will be provided upon approval of application.

Costs will be reimbursed up to a maximum of 750 EUR.

5 Travel grants will be available for the All-Hands Nodes meeting taking place in Turku, Finland on 15th - 18th September 2026

To be eligible for a travel grant, the applicant must belong to one of the Euro-BioImaging Nodes and submit an abstract for an oral presentation at the meeting.

Travel grant recipients will be chosen anonymously based on the information provided in the travel grant application. You can apply for the travel grant as part of the registration for the All-Hands meeting within the same form.

We will prioritize applications from Node staff members:

- 1) belonging to a Node whose staff did not attend previous All Hands Meetings in person or which was underrepresented
- 2) who are early career staff (less than 3 years working in imaging core facilities)

Timeline

- Registration opens in February 2026.
- Deadline for applying for travel grants: 31 July 2026
- Evaluation and communication of results: 31 August 2026

Travel grants are made possible with funding from the European Union as part of the EVOLVE project, under Grant Agreement Number 101130986
